Sending money to a friend? [Transfer...](#)

They may set the price,
but you should decide how to pay.

You can pay using your bank account, debit, or credit cards. It's free, secure, and takes no time at all.

Making a payment is always free

When you make a payment, no matter how you choose to pay, we don't charge you a transaction fee. It's that simple. The recipient pays a small fee to securely handle your payment.
